Dear Members of the Southwestern Judicial Circuit Bar:

The following are scans of letters from the Sumter County Clerk's office. The originals are in the collection of J. Michael Greene.

Since this pdf is stored on the website it is of low quality. I have a very high quality version which I will send on a CD disk if anyone wants a better copy for printing.

Sincerely,
/s/ J. Michael Greene

1st. Lt. Gordon A. Cumbaa
RFD # 2
Columbus, Georgia

Dear Gordon:

I notice that your name appears on Special Orders 202 transferring you from the CASC to 29th Infantry, Ft. Benning. If you will notice I have been assigned to the same branch.

In regards to writing you this letter, I am planning on coming to Columbus in the near future, so I had in mind that you and I could get together and make connections with the Adjutant that is, if you havent done so already. What do you think of the plan?

I had better tell you who I am, do you remember the "Publicity Officer" down at Fort Screven? Well its none other that a blond head boy name Slappey. Remember?

Would like for you and I to ^{get} together and lets you and I take a look at our new Instructor. This job holds me pretty tight but believe I can get a way from the work for a day at least. Will drop you a card and let you know what day that I can get to Columbus.

Write me in regards to the above matter, and let me know what you think is best. Okay. Try and Remember "Publicity Officer". Will be expecting to hear from you before long.

Yours very truly,

Lt. Julian W. Slappey

"Publicity Officer."
